Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data have been reviewed. Thus, errors may stay on College Navigator for a full year.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. **Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year.**

Part D - Student Charges Questions

1. Are all full-time, first-time degree/certificate-seeking students required to live on campus or in institutionally controlled housing?

If your institution typically has this requirement but such requirement is temporarily suspended due to Coronavirus Pandemic, please answer Yes.

If you answer **Yes** to this question, you will not be asked to report off-campus room and board in the price of attendance (D11).

This is only a screening question, and your response does not show up on College Navigator.

If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer **No** so that this does not cause conflicts with the Student Financial Aid survey. Making changes to the SFA component is very difficult and may lead to inaccurate reporting for your institution.

No

Yes, and we do not make **ANY** (even one) exceptions to this rule

2. Does your institution charge different tuition for in-district, in-state, or out-of-state students?

If you answer **Yes** to this question, you will be expected to report tuition amounts for in-district, in-state, and out-of-state students.

Please only select **Yes** if you really charge different tuition rates, or you will be reporting the same numbers 3 times.

Screen Entry	This value is expected to be within 20% of the prior year amount. Please correct your data or explain. (Error #11110) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	We amended the way we survey. Students living at home can come from multiple cities and not just Columbia. So we take into account a mile radius around Columbia that students commute from their parents' home. We then calculate an average number of trips to campus and incorporate mileage and car maintenance and parking pass into that figure.
